Case Management & Supportive Services

“

“Wraparound has given my loved one a place where they feel supported and has helped them understand and cope with their difficult family situation.”

“MCBH staff gained the respect and trust of my brother, not an easy feat, to set a safety plan in place. I cannot thank them enough for their kind and empathetic help with regard to my brother’s care and handling.”

“Behavioral Health has done me very good with the services that they have provided me and are always helping me. I’d be lost without behavioral health.”

“

“Psychiatry has been helpful to do via telehealth because I can do the appointment during my lunch break. Receiving telepsychiatry services has helped my child be calmer and to sleep through out the night. There aren't a lot of options for psychiatry in the area so having a child psychiatrist and one that is accessible via telehealth has been a positive change for our family.”

“I can only sing of praises and I am so overwhelmed by the support. MCBH has been there for me every time I ask. You guys are amazing for what you have done for me.”

“Rehab aid has helped me learn skills that have helped with my impulsivity and with my PTSD. Behavioral health is there for me when I really need them.”

“

“Connection is the opposite of addiction, and I find that here.”

“Coming to groups is my safe place.”

“I love the free wellness activities. Everyone is awesome and so kind. It’s also a very mentally stable area to reflect on everything that makes this town so strong.”
