**ADDITIONAL PETITIONS**

Anglers' Fish Petition

Dear Mono County Board of Supervisors:

We, the undersigned, believe that a trout stocking program is of utmost importance for Mono County. We strongly support the Trophy Trout Program and the need for a full functional fish hatchery on the Conway Ranch. This hatchery would not only produce and supply Mono County waters with outstanding trophy fish but would also be of great educational value to our young fishermen.

Anglers' Fish Petition

Dear Mono County Board of Supervisors:

We, the undersigned, believe that a trout stocking program is of utmost importance for Mono County. We strongly support the Trophy Trout Program and the need for a full functional fish hatchery on the Conway Ranch. This hatchery would not only produce and supply Mono County waters with outstanding trophy fish but would also be of great educational value to our young fishermen.
