Email: jmills@mono.ca.gov Work Phone: 760-932-5480

MEETING MINUTES TREASURY OVERSIGHT COMMITTEE, COUNTY OF MONO STATE OF CALIFORNIA

MEETING LOCATION: Mammoth Lakes CAO Conference Room, 3rd Floor, Sierra Center Mall, Suite 306, 452 Old Mammoth Road, Mammoth Lakes, CA 93546

TELECONFERENCE LOCATION: Bridgeport CAO Conference Room, 1st Floor, Annex 1, Room 110, 74 North School Street, Bridgeport, CA 93517

Quarterly Meeting Wednesday, May 31, 2017 10:00 AM

Committee Members Present: Gerald Frank, George Savage, Larry Johnston, Bob Gardner (alternate), Mollie Nugent (by video conference) and Brooke Bien.

Also Present: Janelle Mills, Secretary and Abagael Giles of the Sheet.

Committee Members Absent: Janet Dutcher, Shields Richardson, Caty Ecklund and Daniel Holler (alternate). Five out of eight Committee Members present, a quorum was met.

1. CALL MEETING TO ORDER:

The meeting was called to order at 10:12 AM by Gerald Frank.

2. PUBLIC COMMENTS:

None

3. MINUTES:

A. Review and Approve the Minutes of the December 7, 2016 Treasury Oversight Committee Meeting.

Member Larry Johnston made the motion to approve the minutes of the December 7, 2016 Treasury Oversight Committee Meeting. Member Brooke Bien seconded the motion. **Vote: 3 Yeas; 0 Nays; 2 Abstention (Johnston and Nugent).**

B. Review and approve the prior minutes of the March 6, 2017 Treasury Oversight Committee Meeting.

Member George Savage made the motion to approve the minutes of the March 6, 2016 Treasury Oversight Committee Meeting. Member Larry Johnston seconded the motion. **Vote: 5 Yeas; 0 Nays; 0 Abstention.**

4. QUARTERLY INVESTMENT REPORT:

A. Review the Quarterly Investment Report for the Quarter Ended March 31, 2017. – Gerald Frank.

The Treasury was in compliance with the Mono County Investment Policy on March 31, 2017. The Weighted Average Maturity (WAM) was 644 days, maximum is 720 days.

It is anticipated that the County Treasury will be able to meet the liquidity requirements of its pooled participants for the next six months.

On the last day of the quarter, on a cost basis, the portfolio totaled \$88,840,018.87, and the market value was \$88,294,172.64 or 99.386% of cost. The earned interest rate for the quarter ending March 31, 2017 was 1.2609%. The following charts were gone over; (see attached) Portfolio Holdings by Security Sector, Distribution by Asset Category-Market Value where the first US Treasury was added to the pool. The Maturity Distribution, Treasury Cash Balances, Quarterly Yield Comparison and the last page is the Investment Pool Participants page which is missing the Mammoth Community Water District in the Non-Participating Pool.

As of today, the tax collections are below 2% delinquency, normally we are around 3% at this time of year.

5. TREASURY AUDIT:

A. Review and approve the Treasury Oversight Committee Compliance Report for the fiscal year ending June 30, 2016. – Gerald Frank.

The Treasury Oversight Committee is in compliance in all categories of the audit.

The firm, CliftonLarsonAllen LLP took over for Galena which had been doing the County audits for the past several years. There is a rotation of the lead auditor making sure nothing is missed.

Member Brooke Bien made the motion to approve and accept the Treasury Oversight Committee Compliance Report for the fiscal year ending June 30, 2016. Member George Savage seconded the motion. Vote: 5 Yeas; 0 Nays; 0 Abstention.

6. QUESTIONS AND RECOMMENDATIONS:

- The Financial Audit and Single Audit have been completed and should be on the internet for public viewing.
- What is the future on property taxes? Has there been any talk on the appeals and what is the status on the potential funding that was set aside to go back to the school districts.
 - o There is no new info on the potential funding.
 - o Mammoth Mountain has been sold and the appeals might be pulled due to the sale. The Assessor will make that request.
- There was a request to bring back the meetings twice a year to go over what is going on with all the agencies. This will help with the public confusion as well.
 - o Gerald Frank will talk to Janet Dutcher.
- Mono County has the capability to put audio minutes on the website.
 - o It was the consensus of the TOC that the audio minutes for the TOC meetings would be very helpful to all.
- There has been improvement on the investment returns. In terms of budgeting, what can be said about the quarter that we are two thirds through and what can be said about the average returns for the upcoming year?
 - The yield curve is flattening out. There is less incentive to go out five years right now and if the yield curve flattens out much more we could be going to shorter terms to technically invest more money because of our weighted average majority constraints of 730 days which is two years giving us a better yield. At the end of our next quarter, June 30th, we should be right around 1.3%.

- There is an option to buy CD's from banks outside the Country. The State Bank of India CD has a 2.45% yield for five years and is completely covered by the FDIC. They have a presence and are licensed in the United States.
 - o There will be more research done on the State Bank of India looking into their business practices. Should there be any red flags, the CD would not be purchased.
 - o It was the consensus of the TOC that it would be okay to buy a CD in India.

7. NEXT MEETING DATE:

Doodle request will be sent out for some time in August.

8. ADJOURN MEETING:

Meeting was adjourned at 10:40 AM

Gerald A. Frank Assistant Finance Director Treasurer-Tax Collector Janet Dutcher, CPA, CGFM Finance Director Stephanie Butters Assistant Finance Director Auditor-Controller

P.O. Box 495 Bridgeport, California 93517 (760) 932-5480 Fax (760) 932-5481 P.O. Box 556 Bridgeport, California 93517 (760) 932-5490 Fax (760) 932-5491

Date: August 1, 2017

To: Honorable Board of Supervisors

Treasury Oversight Committee Treasury Pool Participants

From: Gerald Frank

Subject: Quarterly Investment Report

The Treasury Pool investment report for the quarter ended June 30, 2017 is attached pursuant to Government Code §53646(b) and includes the following reports:

- **Portfolio Holdings by Security Sector** includes, among other information, the type of investment, issuer, date of maturity, par value, dollar amount invested in all securities and market value as calculated by Union Bank, in accordance with Government Code §53646(b)(1).
- Distribution by Asset Category Market Value Provides a graphic to make it easy to see the
 asset allocation by type of security.
- **Distribution by Maturity Range Face Value –** Provides a bar graph to see the maturities of the various investments and gives the reader a sense of the liquidity of the portfolio.
- Treasury Cash Balances as of the Last Day of the Most Recent 14 Months Shows growth in
 the current mix of cash and investments when compared to prior months and particularly the
 same time last year. Additionally, the section at the bottom shows maturity by month for all
 non-same day investments.
- Mono County Treasury Pool Quarterly Yield Comparison Shows, at a glance, the county pool
 performance in comparison to two-year US Treasuries and the California Local Agency
 Investment Fund (LAIF).
- Mono County Treasury Pool Participants Provides a graphic to make it easy to see the types
 of pool participants.

The County also has monetary assets held outside the County Treasury including:

- The Sheriff's Department has two accounts: The Civil Trust Account and the Sheriff's Revolving Fund. The balances in these accounts as of June 30, 2017 were \$28,010.11 and \$3,665.94 respectively.
- Solid Waste has an account that is required by California Integrated Waste as security for a zero-interest loan. The County is required to maintain a balance equal to two months' payments. The balance in this account as of June 30, 2017 was \$74,496.07.
- Mono County's OPEB (Other Post Employment Benefit) trust fund with PARS had a balance of \$17,401,239.98 as of May 31, 2017. This is an irrevocable trust to mitigate the liability for the County's obligation to pay for retiree health benefits.

The Treasury was in compliance with the Mono County Investment Policy on June 30, 2017.

Weighted Average Maturity (WAM) as of June 30, 2017 was 662 days.

It is anticipated that the County Treasury will be able to meet the liquidity requirements of its pooled participants for the next six months.

The investments are presented at fair market value in accordance with Government Accounting Standards Board (GASB) Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Pools. On the last day of the quarter, on a cost basis, the portfolio totaled \$86,848,918.94, and the market value was \$86,351,134.36 (calculated by Union Bank) or 99.427% of cost. Market value does not include accrued interest which was \$314,686.12 on the last day of the quarter.

Investment Pool earnings are as shown below:

Subject: Quarterly Investment Report

The Treasury Pool investment report for the quarter ended September 30, 2017 is attached pursuant to Government Code §53646(b) and includes the following reports:

- Portfolio Holdings by Security Sector includes, among other information, the type of
 investment, issuer, date of maturity, par value, dollar amount invested in all securities
 and market value as calculated by Union Bank, in accordance with Government Code
 §53646(b)(1).
- **Distribution by Asset Category Market Value –** Provides a graphic to make it easy to see the asset allocation by type of security.
- **Distribution by Maturity Range Face Value** Provides a bar graph to see the maturities of the various investments and gives the reader a sense of the liquidity of the portfolio.
- Treasury Cash Balances as of the Last Day of the Most Recent 14 Months Shows growth in the current mix of cash and investments when compared to prior months and particularly the same time last year. Additionally, the section at the bottom shows maturity by month for all non-same day investments.
- Mono County Treasury Pool Quarterly Yield Comparison Shows, at a glance, the county pool performance in comparison to two-year US Treasuries and the California Local Agency Investment Fund (LAIF).
- Mono County Treasury Pool Participants Provides a graphic to make it easy to see the
 types of pool participants.

The County also has monetary assets held outside the County Treasury including:

- The Sheriff's Department has two accounts: The Civil Trust Account and the Sheriff's Revolving Fund. The balances in these accounts as of September 30, 2017 were \$27,981 and \$3,098 respectively.
- Mono County's OPEB (Other Post Employment Benefit) trust fund with PARS had a balance of \$17,865,095 as of August 31, 2017. This is an irrevocable trust to mitigate the liability for the County's obligation to pay for retiree health benefits.

The Treasury was in compliance with the Mono County Investment Policy on September 30, 2017.

Weighted Average Maturity (WAM) as of September 30, 2017 was 705 days.

It is anticipated that the County Treasury will be able to meet the liquidity requirements of its pooled participants for the next six months.

The investments are presented at fair market value in accordance with Government Accounting Standards Board (GASB) Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Pools. On the last day of the quarter, on a cost basis, the portfolio totaled \$78,838,477, and the market value was \$78,315,461 (calculated by Union Bank) or 99.337% of cost. Market value does not include accrued interest which was \$225,991 on the last day of the quarter.

Investment Pool earnings are as shown below:

APPENDIX A – Summary of Investment Limitations

APPENDIX B – Glossary

APPENDIX C – Temporary Constraints and Restrictions on Investments

COUNTY OF MONO INVESTIMENT POLICY

I. Introduction

The intent of the Investment Policy of the County of Mono is to define the parameters within which funds are to be managed. In methods, procedures, and practices, the policy formalizes the framework for the County's investment activities that must be exercised to ensure effective and judicious fiscal and investment management of the County's funds. The guidelines are intended to be broad enough to allow the Director of Finance to function properly within the parameters of responsibility and authority, yet specific enough to adequately safeguard the investment assets.

II. Governing Authority

The investment program shall be operated in conformance with Government Code §53601, et seq. which provides legal authorization for the investment and deposit of funds of local agencies.

III. Scope

The policy applies to activities of the County with regard to investing the financial assets of all funds. In addition, funds held by trustees or fiscal agents are excluded from these rules; however, all funds are subject to regulations established by the State of California.

Note that any excluded funds such as the Other Post Employment Benefit Trust Fund are covered by separate policies.

Except for funds in certain restricted and special funds, the County commingles its funds to maximize investment earnings and to increase efficiencies with regard to investment pricing, safekeeping and administration. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

IV. General Objectives

The primary objectives, in priority order, of investment activities shall be:

- 1. Safety Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The goal will be to mitigate the credit risk and interest rate risk.
- **2. Liquidity** The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.
- **3. Yield** The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints of safety and liquidity needs.

V. Standards of Care

1. Prudence – The standard to be used by the Director of Finance/Investment Officer shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. The Finance Director acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

The "prudent person" standard states that,

"Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

2. Ethics and Conflicts of Interest – Officers and employees involved in the investment process shall refrain from personal activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial investment decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. Disclosure shall be made to the governing body. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking any personal investment transactions with the same individual with whom business is conducted on behalf of the County.

3. Delegation of Authority and Responsibilities

Governing Body – The Board of Supervisors (Board) will retain ultimate fiduciary responsibility for the portfolio. The Board will receive monthly and quarterly reports, designate investment officers and annually review the investment policy making any necessary changes by adoption.

Delegation of Authority – Pursuant to Government Code §53607, authority to invest or reinvest, or to sell or exchange securities so purchased, may be delegated for a one year period; thereafter, the County Finance Director shall assume full responsibility for those transactions until the delegation of authority is revoked or expires.

Responsibility for the operation of the investment program shall be delegated by ordinance pursuant to Government Code §27000.1 to the Finance Director until the Board of Supervisors revokes its delegation of authority, by ordinance, or decides not to renew the annual delegation. The Finance Director shall act in accordance with established, written procedures and internal controls for the operation of the investment program consistent with this Investment Policy.

All participants in the investment process shall seek to act responsibly as custodians of the public trust.

Treasury Oversight Committee – A County Treasury Oversight Committee has been established in accordance with §27130 et seq. of the Government Code to promote public interest by involving depositors in the management of their funds. The Treasury Oversight Committee shall:

- A. Review and monitor the Investment Policy,
- B. Annually review the investments made by the County Treasury,
- C. Cause an annual audit to be conducted to determine the County Treasury's compliance with Government Code §27130 et seq., and
- D. Meet on other matters as necessary.

By statute, the County Treasury Oversight Committee has no authority to direct individual investment decisions, select individual investment advisors, brokers, or dealers, or to impinge on the day-to-day operations of the County Treasury.

Committee members may not accept any honoraria, gifts or gratuities from advisors, brokers, dealers, bankers, or other persons with whom the County Treasury conducts business, which are in excess of the limits imposed by State Law, or by the Fair Political Practices Commission.

Investment Advisor – The County may engage the services of one or more external investment managers to assist in the management of the entity's investment portfolio in a manner consistent with the entity's objectives. Such external managers may be granted discretion to purchase and sell investment securities in accordance with this Investment Policy. Such managers must be registered under the Investment Advisers Act of 1940.

VI. Authorized Financial Institutions, Depositories and Broker/Dealers

- 1. Financial institutions and depositories authorized to provide investment services and security broker/dealers will be selected by creditworthiness (e.g., a minimum capital requirement of \$10,000,000 and at least five years of operation). These may include "primary" dealers or regional dealers that qualify under both Government Code §53601.5 and Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).
- All financial institutions and broker/dealers who desire to become qualified for investment transactions shall meet the requirements of Government Code §53601.5 and, in addition, must supply the following as deemed appropriate by the Finance Director.
 - A. Audited financial statements demonstrating compliance with the state and federal capital adequacy guidelines.
 - B. Proof of Financial Industry Regulation Authority (FINRA) certification (not applicable to Certificate of Deposit counterparties).
 - C. Proof of California state registration.
 - D. Certification of having read and understood and agreeing to comply with the County's investment policy.

- E. Evidence of adequate insurance coverage meeting any applicable requirements of State law and otherwise deemed adequate by the Finance Director.
- An annual review of the financial condition and registration of all qualified financial institutions and broker/dealers will be conducted by the Finance Director.

VII. Safekeeping and Custody

- Delivery vs. Payment All trades, where applicable, will be executed by delivery vs. payment (DVP) to ensure that securities are deposited in an eligible financial institution prior to the release of funds.
- 2. Safekeeping Pursuant to Government Code §53608, , the Board delegates to the Finance Director its authority to deposit securities for safekeeping. Securities will be held by a third-party custodian meeting the requirements of Government Code §53608 or other applicable law and selected by the Finance Director. The safekeeping institution shall annually provide a copy of their most recent report on internal controls (Statement of Auditing Standards No. 70)
- 3. Internal Controls The Finance Director is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of the control should not exceed the benefits likely to be derived and that the valuation of costs and benefits requires estimates and judgments by management. The internal controls shall address the following points at a minimum:
 - A. Control of collusion,
 - B. Separation of transaction authority from accounting and recordkeeping,
 - C. Custodial safekeeping,
 - D. Avoidance of physical delivery securities,
 - E. Clear delegation of authority to subordinate staff members,
 - F. Written confirmation of transactions for investments and wire transfers,
 - G. Dual authorization of wire transfers,
 - H. Development of a wire transfer agreement with the lead bank and third-party custodian,
 - I. Staff training, and
 - J. Review, maintenance and monitoring of security procedures both manual and automated.

VIII. Authorized Investments

1. Investment Types – All investments shall be made in accordance with §53600 et seq. of the California Government Code and as described within this Investment

Policy and summarized in Appendix A. Permitted investments under this policy shall include:

A. United States Treasury notes, bonds bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest. §53601(b)

There is no limitation as to the percentage of the portfolio that can be invested in this category.

B. Federal Agency or United States Government-Sponsored Enterprise Obligations, Participations, or other Instruments, including those issued by or fully guaranteed as to principal and interest by Federal agencies or United States government-sponsored enterprises §53601(f) such as Fannie Mae and Freddie Mac.

There is no limitation as to the percentage of the portfolio that can be invested in this category.

C. State of California Notes & Bonds registered state warrants or treasury notes of California including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

There is no limitation as to the percentage of the portfolio that can be invested in this category.

D. Notes and Bonds of Other 49 States registered treasury notes or bonds of any of the other 49 states, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of that state.

There is no limitation as to the percentage of the portfolio that can be invested in this category.

E. **Negotiable Certificates of Deposit** (NCDs) issued by a nationally or state chartered bank, a state or federal savings and loan association, a State or federal credit union or by a state-licensed branch of a foreign bank.

No more than 30% of the portfolio may be invested in NCDs

F. **Banker's acceptances**, otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank.

May not exceed 180 days to maturity or be more than 40% of the market value of the portfolio and no more than 30% of the County's moneys may be invested in banker's acceptances in the same bank.

G. Commercial paper of "prime" quality of the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization (NRSRO) such as Standard & Poor's or Moody's.

Must have a maximum maturity of 270 days or less, no more than 40% of the portfolio may be invested in eligible commercial paper and no more than 10% may be invested in any one issuer's commercial paper.

H. Medium-term notes include corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States and rated "A" or better by an NRSRO.

May not exceed 30% of the portfolio may be invested in medium-term notes.

 Reverse repurchase agreements whose underlying purchased securities consist of the aforementioned instruments, subject to all the conditions set forth in Government Code §53601(j)(3).

May not exceed 20% of the base value of the portfolio and no agreement may exceed 92 days.

J. Money market mutual funds – shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment company Act of 1940 (15 U.S.C. §80a-1 et sec.

No more than 20% of the portfolio may be invested in money market funds.

K. Local Agency Investment Fund – established by the State Treasurer for the benefit of local agencies.

No more than \$65 million may be invested in LAIF (LAIF rules)

L. California Asset Management Program (CAMP). Shares in a California common law trust established pursuant to Title 1, Division 7, Chapter 5 of the Government Code of the State of California which invests exclusively in investments permitted by §53601 of the Government Code as it may be amended.

No more than 20% of the portfolio may be invested in the California Asset Management Program

M. Commercial or Savings Bank, Savings and Loan or Credit Union may be used to invest surplus funds up to 30% of the portfolio pursuant to \$\$53601.8 and 53635.8 of the Government Code.

No more than 10% can be invested in any one institution.

N. **Bonds, notes, warrants or other evidences of indebtedness** of a local agency within the State of California, including local agencies formed within Mono County.

May not exceed 5 years to maturity. All investments with local agencies formed within Mono County must be pre-approved by the Board of Supervisors.

O. **Supranationals** – United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank, with a maximum remaining maturity of five years of less, and eligible for

purchase and sale within the United States and rated AA or better by an NRSRO.

No more than 30% may be invested in supranationals

 Collateralization – Where allowed by state law, full collateralization will be required on all demand deposit accounts, including checking accounts and nonnegotiable certificates of deposit. Repurchase agreements will be collateralized at 102 percent.

IX. Investment Parameters

1. Mitigating Credit Risk in the portfolio – Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The County shall mitigate credit risk by adopting the following:

Diversification – The investments will be diversified by

- i. Limiting investments to avoid overconcentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities),
- ii. Limiting investment in securities that have higher credit risks,
- iii. Investing in securities with varying maturities, and
- iv. Continuously investing a portion of the portfolio in readily available funds such as local government investment pools, money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

Due to fluctuations in the aggregate surplus funds balance, maximum percentages for a particular issuer or investment type may be exceeded at a point in time subsequent to the purchase of a particular issuer or investment type. Securities need not be liquidated to realign the portfolio; however, consideration should be given to this matter when future purchases are made to ensure that appropriate diversification is maintained.

2. Mitigating Market Risk in the portfolio – Market risk is the risk that the portfolio value will fluctuate due to changes in the general level of interest rates. The County recognizes that, over time, longer-term/core portfolios have the potential to achieve higher returns. On the other hand, longer-term portfolios have higher volatility of return. The County shall mitigate market risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes. The County further recognizes that certain types of securities, including variable rate securities, securities with principal pay downs prior to maturity, and securities with embedded options, will affect the market risk profile of the portfolio differently in different interest rate environments. The

County, therefore, adopts the following strategies to control and mitigate market risk:

- The County shall maintain a minimum of three months of budgeted operating expenditures in short term investments to provide sufficient liquidity for expected disbursements,
- ii. The maximum percent of callable securities in the portfolio shall be 35%,
- iii. The maximum stated final maturity of individual securities in the portfolio shall be five years, except as otherwise stated in this policy,
- iv. Liquidity funds will be held in LAIF, CAMP or money market instruments maturing one year and shorter,
- v. Longer term/Core funds will be defined as the funds in excess of liquidity requirements. The investments in this portion of the portfolio will have maturities between 1 day and 5 years and will be only invested in higher quality and liquid securities.
- vi. The Weighted Average Maturity of the portfolio should never exceed 24 months (730 Days) or such shorter dollar-weighted average maturity as may be required by State law. Securities need not be liquidated to realign the portfolio; however, consideration should be given to this matter when future purchases are made to ensure that the appropriate Weighted Average Maturity is maintained.

X. Reporting

- 1. The Finance Director shall provide quarterly investment reports to the Board of Supervisors and The Treasury Oversight Committee within 30 days following the end of the quarter covered by the report. These reports shall include the following investment information as required by Government Code §53646(b):
 - A. The type of investment, issuer, date of maturity, par and dollar amount invested in all securities, investments and moneys held in the County Treasury,
 - B. Market value as of the date of the report and the source of this valuation,
 - C. The weighted average maturity of the investments within the Treasury,
 - D. Distribution by type of investment,
 - E. A description of all the County's funds and investments that are under the management of contracted parties,
 - F. A statement of compliance of the portfolio to this Statement of Investment Policy or manner in which the portfolio is not in compliance, and

- G. A statement denoting the ability of the County to meet its pool's expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may, not be available.
- 2. The Treasury Oversight committee shall cause an annual audit to be conducted to determine the county treasury's compliance with Chapter 5, Article 6 (§27130-§27137) of the Government Code and this Statement of Investment Policy.

XI. Investment Pool Costs and Earnings Distribution

Costs directly related to the operation and management of the investment pool shall be deducted quarterly directly from net interest earnings prior to the distribution of interest earnings for the quarter. Pool costs include, but are not limited to, staff time, investment tracking costs, brokerage costs, and treasury pool audit costs.

Interest earnings shall be allocated quarterly according to each fund's average daily cash balances as a percentage of the total investment pool. Earnings shall be the net of received interest, amortized premiums, accreted discounts and profit or loss on the sale of trade of a security attributable to the quarter being apportioned, plus adjustments from prior quarters. The interest shall be apportioned as of the last day of the quarter and added to each participating fund's balance in the pooled investment fund.

XII. Withdrawal Requests

Any entity that seeks to withdraw funds for the purpose of investing or depositing those funds outside the county treasury pool, shall first submit the request for withdrawal to the Finance Director who shall evaluate the effect of the proposed withdrawal on the stability and predictability of the investments in the county treasury. Prior to approval, the Finance Director shall find that the proposed withdrawal will not adversely affect the interests of the other depositors in the pool (GC§27136). If it is necessary to liquidate securities, all losses occurring from the sale of a security prior to its maturity shall be borne by the entity wishing to withdraw funds.

XIII. Terms and Conditions for Outside Investors

Outside local agencies, where the County Finance Director does not serve as the agency's treasurer, may invest in Mono County's Investment Pool as permitted by Government Code Section 53684. Deposits are subject to the consent of the County Finance Director. The local agency legislative body must approve the county investment pool as an authorized investment. If the County Finance Director deems appropriate, the deposits may be returned at any time.

XIV. Policy Review

This investment policy shall be reviewed at least annually to ensure its consistency with the overall objectives of preservation of principal liquidity, rate of return and its relevance to current law and financial and economic trends.

SUMMARY OF INVESTMENT LIMITATIONS										
Investment Type	Government Code Reference	Limit ¹ Per Investment Type(s)	Limit¹ Per Institution	Minimum² Ratings	Maxium ² Allowable Maturity					
United States Treasuries	§53601 (b & f)	None	None	None	5 years					
United States Federal Agencies & Government-Sponsored Enterprises	§53601 (b & f)	None	None	None	5 years					
State of California Notes & Bonds	§53601 (c) & 53601 (e)	None	None	None	5 years					
Notes & Bonds of Other 49 States	§53601 (e)	None	None	None	5 years					
California Local Agency Debt	§53601 (a), (c) & (e)	None	None	None	5 years

 $^{^{\}rm 1}$ Based on total of surplus funds at the time the investment decision is made.

² At the time of purchase.

GLOSSARY

Accreted Discount – The increase in the value of a discounted instrument as time passes and it approaches maturity. The value of the instrument will accrete (grow) at the interest rate implied by the discounted issuance price, the value at maturity and the term to maturity.

Accrued Interest – Interest that has accumulated by has not yet been paid from the most recent interest payment date or issue date to a certain date.

Amortization – The reduction of debt through regular payment of principal scheduled to complete repayment by maturity. Usually the payment of interest is incorporated to compensate the lender over the life of the debt.

Bankers' Acceptance – A time bill of exchange drawn on and accepted by a commercial bank to finance the exchange of goods. When a bank "accepts" such a bill, the time draft becomes, in effect, a predated, certified check payable to the bearer at some future specified date. Little risk is involved for the investor because the commercial bank assumes primary liability once the draft is accepted.

Basis point – One basis point is equal to 1/100 of 1%. For example, if interest rates increase from 4.25% to 4.5%, the difference is referred to as a 25-basis-point increase.

Book Value – The value of a security as carried in the records of an investor. Generally, this is the initial outlay for the investment and may be net or gross of expenses such as trading costs, services charges, etc.

Bond – A debt investment in which an investor loans money to an entity (corporate or governmental) that borrows the funds for a defined period of time at a fixed interest rate. Bonds are used by companies, municipalities, states and U.S. and foreign governments to finance a variety of projects and activities.

Broker/Dealer – Any person engaged in the business of effecting transactions in securities in this state for the account of others or for his/her own account. Broker/Dealer also includes a person engaged in the regular business of issuing or guaranteeing options with regard to securities not of his/her own issue.

Commercial Paper – Short-term, unsecured promissory note issued in either registered or bearer form and usually backed by a line of credit with a bank. Maturities do not exceed 270 days and generally average 30 – 45 days.

Coupon Rate – The interest rate stated on a bond when it is issued. The coupon is typically paid semi-annually.

Current Yield – The annual income (interest or dividends) divided by the current price of the security. Since the mathematical calculation relies on the current market value rather than the investor's cost, current yield is unrelated to the actual return the investor will earn if the security is held to maturity.

CUSIP Numbers – An acronym for Committee on Uniform Security Identification Procedures, CUSIP numbers are identification numbers assigned to each maturity of a security issue and usually printed on the face of each individual security in the issue. The CUSIP numbers are intended to facilitate identification and clearance of securities.

Debt Instrument – An instrument or promissory note which evidences and documents the terms of the loaning of funds from one party to another. Typically, the instrument contains the loan date, the maturity date, the repayment provisions, and the interest rate of the borrowing.

Default – The failure to pay debt obligations as agreed in the terms of the debt

Discount – The condition of the price of a bond that is lower than par. The discount equals the difference between the price paid for a security and the security's par value.

Earnings Apportionment – The quarterly interest distribution to the Pool participants.

Fair Value – The amount at which an investment could be exchanged in a current transaction between willing parties, other than a forced or liquidation sale.

Fannie Mae (FNMA, Federal National Mortgage Association) — A government-sponsored enterprise (GSE) that was created in 1938 to expand the flow of mortgage money by creating a secondary mortgage market. Fannie Mae is a publicly traded company which operates under a congressional charter that directs Fannie Mae to channel its efforts into increasing the availability and affordability of homeownership for low-, moderate-, and middle-income Americans.

Federal Government Agency – Debt issued by government sponsored entities (GSE) to facilitate various types of lending. For example, the Federal Farm Credit Bank provides funds to farmers and FNMA provides funds to the real estate mortgage markets.

Freddie Mac (FHLMC, Federal Home Loan Mortgage Corp.) — A stockholder owned government sponsored enterprise (GSE) chartered by Congress in 1970 to keep money flowing to mortgage lenders in support of homeownership and rental housing for middle-income Americans. The FHLMC purchases, guarantees and securitizes mortgages to form mortgage-backed securities. The mortgage-backed securities that it issues tend to be very liquid and carry a credit rating close to that of U.S. Treasuries.

Government-Sponsored Enterprise (GSE) – Privately held corporations with public purposes created by the U.S. Congress to reduce the cost of capital for the certain borrowing sectors of the economy. Members of these sectors include students, farmers and homeowners.

Local Agency Investment Fund (LAIF) – The State of California investment pool in which money of local agencies is pooled as a method for managing and investing local funds.

Market Value – The price at which a security is trading and could presumably be purchased or sold.

Maturity – The date upon which the principal of a security becomes due and payable to the holder.

Money Market Mutual Fund – A mutual fund with investments directed in short-term money market instruments only, which can be withdrawn daily without penalty

Par Value – The face value of a bond. Par value is important for a bond or fixed-income instrument because it determines its maturity value as well as the dollar value of coupon payments.

Premium – The condition of the price of a bond that is higher than par. The premium equals the difference between the price paid for a security and the security's par value.

Principal – The face amount of a security not taking into account discounts or premiums. The amount borrowed or the amount still owed on a loan, separate from interest.

Repurchase Agreement (Repo) – A form of short-term borrowing for dealers in government securities. The dealer sells the government securities to investors, usually on an overnight basis, and buys them back the following day. For the party selling the security (and agreeing to repurchase it in the future) it is a repo; for the party on the other end of the transaction, (buying the security and agreeing to sell in the future) it is a reverse repurchase agreement.

Reverse Repurchase Agreement – The purchase of securities with the agreement to sell them at a higher price at a specific future date.

Registered Warrants – A "promise to pay" with interest, that is issued by the State of California when there is not enough cash to meet all of the State's payment obligations.

Settlement Date – The date on which the purchase or sale of securities is executed. For example, in a purchase transaction, the day the securities are physically delivered or wired to the buyer in exchange for cash is the settlement date.

Supranational Bonds – These bonds are issued when two or more central governments issue foreign bonds to promote economic development for the member countries. These include bonds issued by the International Bank for Reconstruction and Development, or World Bank, and the International American Development Bank.

Trade Date – The date and time corresponding to an investor's commitment to buy or sell a security.

U.S. Treasury Obligation – Direct obligations of the United States Treasury whose payment is guaranteed by the United States of America.

Weighted Average Maturity (WAM) - The weighted average of the time until all securities in a portfolio mature.

TEMPORARY CONSTRAINTS AND RESTRICTIONS ON INVESTMENTS

1. County of Mono restricts transactions with the following banks from October 20, 2015 until June 30, 2020:

Citigroup, JP Morgan Chase, Barclays, Royal Bank of Scotland, and Deutsche Bank

2. County of Mono restricts the purchase of any retail products issued by Wells Fargo Bank from December 1, 2016 until June 30, 2019.
